Wetlands Notice to Permit Applicants

You are responsible for complying with state and federal laws concerning the construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Department of Natural Resources wetlands identification web page or contact a Department of Natural Resources service center. <http://dnr.wi.gov/wetlands>

Additional Responsibilities for Owners of Projects Disturbing More One or More Acre of Soil

This project is subject to the Walworth County Storm Water Standards and ch. NR 151 of the Wisconsin Administrative Code, and Article I, Chapter 26 of the Walworth County Code of Ordinances, if one or more acres of soil is disturbed on this project site. Additional erosion control and stormwater management practices and measures may be needed to comply with those standards.

I certify that I have been notified of my responsibility for complying with state and federal laws and regulations related to obtaining building permits, construction near or on wetlands, lakes and streams, and the need to comply with additional erosion control and storm water management requirements if 1 acre or more of soil is disturbed on this project site.
