MUTCD Compliance Dates

2011

Wisconsin will require the use of upper/lower case letters on street name signs by adopting Federal Standards, no compliance date, replace as needed.

2012

You must have a management program in place to maintain levels of reflectivity

Ground mounted name signs where the speed limit is 30 or greater must comply to the new larger standards

2015

Use of 3M High Intensity Prismatic or better must be used for regulatory, warning and guide signs

2018

Use of 3M High Intensity Prismatic or better must be used for street name signs
