Elkhorn, Wisconsin – July 2, 2015

County Road NN Construction Update on Government Campus Entrance Closures

Walworth County Public Works Department has been notified by Payne & Dolan, our Project Contractor, that entrances to our government buildings on the north side of Highway NN will be closed at various times and dates over the next couple of weeks, affecting the Sheriff's Office / Law Enforcement Center, Judicial Center and Lakeland Health Care Center.

The closures are expected to occur during the weeks of July 6th and July 13th 2015. During this period, access to these county facilities will be maintained at all times, however; individual entrances or parts of these entrances may be temporarily closed. Traffic will be directed to alternate entrances in such cases.

Should you be visiting any of our government buildings during this period, please allow sufficient time to get to your scheduled appointments and please be cognizant of any signage and barricades. Please direct any questions to Kevin Brunner, Director of Central Services at 262.741.3104 or by email to: kbrunner@co.walworth.wi.us.
