For Immediate Release

County Trunk Highway U

Bloomfield, Wisconsin – June 14, 2021 through October 2021

Upcoming Highway Project and Road Closure

Walworth County, with their contractor Payne & Dolan, Inc. will be resurfacing approximately 4.7 miles of County Trunk Highway (CTH)-U from Twin Lakes Road (CTH-B) to the Walworth / Kenosha County line, and replacing the CTH-U Bridge over Nippersink Creek this summer.

Construction Schedule and Detour:

Work on CTH-U is expected to begin on Monday, June 14, 2021 and continue through October-2021. During construction, CTH-U will be closed to through traffic and a posted detour route will be provided.

Access will be maintained to all properties within the work zone for residents, emergency services, mail delivery, school busses and trash collection. However, when the Bridge over Nippersink Creek is being replaced, access will need to be made from either side of the bridge, as the crossing will be completely closed.

The posted detour route will follow Walworth CTH-B; Kenosha CTH-O; Kenosha CTH-P; and Kenosha CTH-F. The main purpose of the detour is to safely route those who are unfamiliar with the area around the work zone. Local residents are encouraged to seek alternate routes where available.

During the Country Thunder Music Festival (July 15th – 18th), the detour route may be modified to accommodate changes in traffic patterns associated with the festival. Please follow all posted detour signage.

Questions or Concerns

Walworth County is committed to maintaining its highway and bridge infrastructure in a state of good repair. We understand this work is an inconvenience and appreciate your patience and cooperation during this time.

Please feel free to email or call the Walworth County Public Works Department with any questions: (262) 741-3114 # # #
